- Balcann was one of the first products of Annabis that was introduced to the market back in 2011

- Since its beginnings Balcann ointment has developed hand in hand with the trends and new directions of the cosmetic industry

We are truly inspired
by nature in its purest
form and that is why
we only use all-natural
and all-organic oils

*„We believe that in the world of
natural cosmetics Balcann is a little
gem for being both gentle and tough if
need be“*

Certified Organic
Cosmetics

One of the strictest certificate. The most important requirements for obtaining this certification is that the product is made exclusively from natural ingredients which were picked in an environment
