MAP-EXPO
Global marketplace for Medicinal & Aromatic Plants

We would like to invite you to exhibit at the event MAP-Expo 2018

The previous edition of MAP-Expo showed the potential of the **Hemp industry**. The seminar "Cannabidiol – from farm to end product" and the exhibitors attracted large numbers of high-quality visitors. These visitors were all interested in doing business with our exhibiting companies or were trying to establish themselves in the industry. Building on this success, this edition will put even more focus on the hemp industry. Therefore, we would like to invite you to exhibit.

Following up last year's success, we welcome the network of the **Nova-Institut** and there will be a high-quality seminar hosted by the **EIHA** (European Industrial Hemp Association).

The program is as follows:

Boris Bañas, EIHA.org
