

10th International Conference of the European Industrial Hemp Association (EIHA)

www.eiha-conference.org

22 - 23 May 2013

Rheinforum, Wesseling/near Cologne (Germany)

Conference language: English

++ Cultivation ++ Processing ++ Economy ++ Sustainability ++ Innovation ++

Pictures: Hempro Int., Lotus Cars, Hemp Technology Ltd, NPSP Composites

Don't miss the biggest industrial hemp event in 2013 – world wide!

The congress will focus on the latest developments concerning hemp and other natural fibres as well as hemp nuts, oil and proteins.

Applications

- Fibres & shives
- Bio-Composites
- Insulation
- Construction
- Textiles
- Hemp nuts, oil and proteins

Spectrum of participants

- Natural fibre industry
- Hemp food and feed industry
- Cultivation consultants
- Engineers
- Traders and investors
- Research and Development

Exhibition

You are welcome to present your latest products, technologies or developments – book a stand and a bulletin board now for only 200 EUR (plus 19% VAT).

Preliminary Programme

1st day (22 May 2013): 10:00 a.m. - 06:00 p.m.

2nd day (23 May 2013): 09:00 a.m. - 03:30 p.m.

Session: Country reports

John Hobson (Hemp Technology Ltd., Great Britain):
European Industrial Hemp Association (EIHA): Status and Outlook

Michael Carus (nova-Institut GmbH, Germany):
Market data on hemp - survey on industrial hemp production in Europe

Session: Hemp textiles

Daniel Kruse (Hempro Int. GmbH & Co. KG, Germany):
Hemp as textile

Session: Hemp building

Chris de Visser (WUR, The Netherlands):
Grow2Build - hemp for building

Jovana Dzalto (Institut für Verbundwerkstoffe GmbH, TU Kaiserslautern, Germany):
NATEX & Bio-Build: Natural aligned fibres and textiles for structural applications in the building sector

Willem Böttger (NPSP Compositen BV, The Netherlands):
Natural fibre reinforced composite façade solutions

Jorgen Hempel (Hemp Eco Systems SA, Switzerland):
The new world of building and insulating with hemp

Session: Hemp seeds and oil for food

Daniel Kruse (Hempro Int. GmbH & Co. KG, Germany):
New data on hemp food market

John Roulac (Nutiva, USA):
Superfood trends

Session: Fibre applications

Angela Wiegand (Angela Wiegand-Design, Germany):
Light weight hemp chair – sustainable chair made of PLA and hemp fleece

Prof. Dr. Jörg Müssig & Graupner, N.
(University of Applied Sciences, Germany):
Injection moulded hemp fibre-reinforced thermoplastics

Hendrick Buddenberg (TU Muenchen, Germany):
Utilization of natural fibres in non-flammable fibre reinforced composites

Cyrille Boinay (Bcomp, Switzerland):
Novel technology for a highly performing natural fibre composite product at large production scales

Dr. Efi Alexopoulou (CRES, Greece):
FP7 EU Project „Fibra“

Dr. Stefano Amaducci (Università Cattolica del Sacro Cuore - Institute of Agronomy and Field Crops, Italy):
FP7 EU project Multihemp (inquired)

Call for papers

You are welcome to present your latest products, technologies or developments. Please send us the title and an abstract of your presentation as soon as possible.

Please bear in mind that all participants are experts and specialists within this field. We are primarily interested in new and sophisticated topics concerning hemp, natural fibres, technologies and their applications. The time for presentations will be about 20 minutes plus 10 minutes for discussion. Please send your proposal to **Mr. Dominik Vogt**.

Registration Fee www.eiha-conference.org
400 € plus 19 % VAT for two days including dinner buffet
Members of EIHA: 100 € reduction of membership fee in 2014
